Top Skills

Python (Programming Language)
Django
Machine Learning

Devesh kumar Lilhare

Ex- Software Engineer | I am working in Python, Django, Machine
Learning, and Data Analysis. I lead web development projects,
focusing on optimizing code for better efficiency.
Balaghat, Madhya Pradesh, India

Summary

. Programming Languages :- Skilled in Python, HTML, CSS,
JavaScript, PHP, and C++. Continuously learning
new languages.
. Web Development Skills :- Experienced in WordPress, Bootstrap
for responsive design, and MySQL for
database management.
. Versatility :- Ability to adapt and learn different languages,
frameworks, and methodologies.
. Goal :- Seeking a role in web and software development, leveraging
acquired skills. Pursuing continual
learning to excel in innovative development practices for my dream
job.

Experience

Pie Infocomm Pvt. Ltd.
Junior Software Developer
July 2023 - November 2023 (5 months)
1st floor, B-12, Sector E, Aliganj, Lucknow, Uttar Pradesh 226024

My experience in software development and training, along with a strong
foundation in basic Python and machine learning, has significantly amplified
my skill set. Working on projects in Python and machine learning not only
enhances my technical proficiency but also enables me to bridge diverse
fields, leveraging this knowledge across various domains and applications.

Suvidha Foundation (Suvidha Mahila Mandal)
Web Developer
June 2022 - November 2022 (6 months)
Nagpur, Maharashtra, India

During my web developer internship, I actively participated in coding,
testing, and debugging, gaining practical experience in web development
methodologies and best practices.

DIGIBROS
Web Developer
November 2021 - January 2022 (3 months)
Hyderabad, Telangana, India

During my web developer internship, I actively participated in coding, testing, and debugging, gaining practical experience in web development methodologies and best practices.
